RTA
Ready to Assemble

RSL's Quality by Design kitchen and bath collection will impress your friends and family. Not all cabinets are the same. Our cabinets have a lifetime warranty, just like other RSL products, and have exceptional features that distinguish them from all other ready-to-assemble cabinets.

Shenendoah

Our oak veneer cabinets with their warm, golden honey color will help create the special memories and cozy feelings that you will cherish forever.

Acadia

Surrounded by the gentle hues of these natural maple cabinets, you will be delighted by the combination of beauty, strength and serenity that is so often found in nature.

Glacier

Classic elegance or contemporary sophistication; these solid maple shaker cabinets have an appeal that is always cheerful, bright and works well with any décor.

Ozark

As simple and warm as the morning sun, this classic shaker design, with its cinnamon maple tones, will create an inviting ambience for your home.

Yosemite

Beautiful solid maple cabinets, with graceful crown molding profiles, and a rich cherry glazed finish invite thoughts of elegant entertaining.

Chesapeake

Richly accented with an intricate nautical rope pattern and caramel glazed finish, these solid maple cabinets create a truly unique and striking impression.

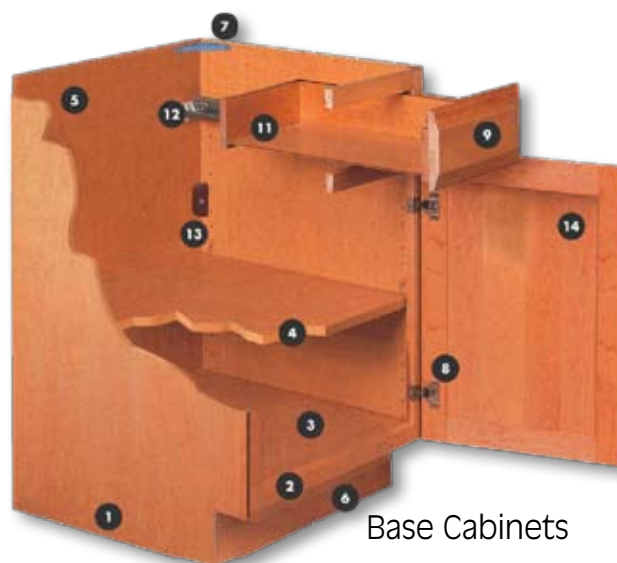

-
-
- All wood cabinet box construction.
No fiberboard.
 - See the difference... cabinets stained inside and out.
 - Quality by Design reputation for product excellence and superior service.
 - Lifetime warranty against manufacturing defects.

Superior Cabinet Construction

1. Side Panel- 1/2" E1 plywood with oak or maple veneer stained interior and exterior matching the door.
2. Face Frame- 3/4" x 1-1/2" stiles and rails.
3. Bottom- High quality E1 1/2" plywood, with oak or maple veneer stained interior and exterior to match the door.
4. Shelf- 5/8" E1 plywood with oak or maple veneer stained to match the door.
5. Back Panel- 1/2" plywood with oak or maple veneer interior stained to match the door, solid hardwood hanging rail on wall cabinets.
6. Toe Kick- 1/2" plywood with oak or maple veneer stained to match the door.
7. Base Corner Braces- Molded plastic braces for extra strength and provides mounting point for countertop.
8. Hinges- Concealed, self closing adjustable.
9. Drawer Front- Slab or 5 pc.
10. Routed Finger Pulls- Available upon request (Shenandoah, Acadia, Glacier and Ozark).
11. Drawer Box- Screw together (Shenandoah) or ready to assemble 5/8" solid maple dovetail (Acadia, Glacier, Ozark, Yosemite and Chesapeake).
12. Drawer Glides- Epoxy coated side mount (Shenandoah) or full extension, self closing under mount (Acadia, Glacier, Ozark, Yosemite and Chesapeake).
13. Cabinet Assembly- Quick and easy cam lock assembly.
14. Finish- 4-7 coats of stain or paint for exceptional appearance and durability.
